### Ship from Canada to US

Complete the required shipping documents and provide them to the driver at the time of pickup:

- Bill of Lading (BOL)
- Proforma Invoice
- NAFTA Certificate of Origin (if applicable).

### Ship from US to Canada

Accurate Bill of Lading, Canada Customs Invoice, and detailed commodity descriptions are mandatory as per ACI eManifest (Advance Commercial Information).

### Ship Dangerous Goods

Provide the required shipping documents, ensure the product is properly classified, packaged, and labelled, and sign the mandatory declaration.

### Freight Packaging

Avoid damages by properly packaging your freight with bubble wrap, foam cushioning, paper honeycomb, loose fill, or edge boards, depending on the type of product you're shipping. Machinery and machine parts must be crated.

### Ship Restricted Articles

Do you ship antiques, plants, personal effects, tobacco, alcohol, or high-value shipments? These are restricted items that require special approval.

### Chain of Signature (COS)

All shipments containing firearms or ammunition require a Day & Ross Chain of Signature (COS) document.
